May 25 Memorial Day
June 26 Summer Break begins

Spring Graduation is May 28, 2020
Adult & Community Education

Program Offerings

High School Completion
We offer two pathways for adults to obtain their high school diploma. One is to take prep classes for the ETS® High School Equivalency Test (HiSET-formerly GED) then take the HiSET exams. Passing the HiSET results in a high school equivalency certificate from the state of Maine.
The second path is to earn a high school diploma by completing a required amount of credit hours. We offer an open enrollment schedule, which means you can get started on earning your diploma now! Work at your own pace through a list of assignments either on location or remotely. If working on location, our open scheduling allows you to set your own specific hours within our hours of operation.
Credits from other schools or sources will be reviewed for acceptance. Credit may be awarded for military experience, job training, homemaking and volunteer experience.
Upon completion of required credits, students are awarded a Presque Isle High School diploma.
Anyone who is seventeen years old and is no longer enrolled in traditional high school may register for both paths.

College Transitions (CT)
Have your high school diploma, but aren’t quite ready for college level Math or English? Does your college/university want you to pay for foundation level classes that won’t provide you with any credit towards your degree? CT is perfect for you! These classes prepare students for the next level in Math & English with no cost to the student. We will prepare you for the ACUPLACER exam, which allows colleges to determine your readiness for credit bearing courses. We also offer digital literacy, assistance in completing financial aid forms (FAFSA), career exploration and College Success course (counts as a credit at Northern Maine Community College).

Adult Basic Education (ABE)
We offer both Math and English courses for adult learners who need training to prepare them for daily life functions and basic job skills. Anyone who is seventeen years old and is no longer enrolled in traditional high school may register.

Career Training & Certification
Several programs are offered to provide students with a diploma and/or a direct path to a career. Coursework results in nationally recognized certification, such as Certified Nursing Assistant, Pharmacy Technician, Phlebotomist and Dental Hygienist.

register at msad1.coursestorm.com call us at 207-764-4776
Career Planning
Take advantage of this free service. An advisor is available when classes are in session to help you figure out your available next steps. Explore your educational and employment opportunities today!

Personal Enrichment Classes
Classes in this program are offered to the entire community at all ages! We offer classes on everything from DigiBlocks to knitting and basketball to welding. Cost, class time and frequency vary by class.

REGISTRATION
Registration is on a first come, first serve basis with payment of class fees due at the time of registration. Personal Enrichment classes may be cancelled due to low enrollment. Information in this brochure is believed to be accurate but not guaranteed. Prices subject to change at any time. The most current information is available on our web & Facebook pages.

In Person
Registrations for all courses/programs are accepted at the Adult & Community Education office.

Online
Register for classes online via our website msad1.coursesstorm.com

FEES
SAD 1 Adult & Community Education offers a variety of programs supported by federal, state and local taxes. Fees pay the cost not covered by tax dollars. Some programs are not state or locally funded and therefore require a higher fee and a minimum enrollment. The registration fee doesn’t cover the cost of books and materials. If the course is a required diploma course, there is no charge for workbooks and textbooks must be returned. If diploma students are taking an elective class, they will be required to pay for workbooks and will have the option to purchase or return the textbooks. All students are expected to pay the lab fees for consumable materials used.

Fees for all courses are indicated in the course schedules and are due at the time of registration.

The following programs are at no cost to learners:

- Adult Basic Education (ABE)
- English as a Second Language (ESL)
- High School Diploma
- HiSET® (for Maine residents; fee for non-residents)
- College Transitions

Academic Program Course Descriptions

College Success (NMCC 1 credit)
TBD
College Success is designed to help students feel comfortable with the experience of being a college student and reflect on their first semester experiences in order to learn the skills needed to be a successful student. Through interactive exercises and assignments, the class will discuss a variety of topics including the transition to college life, goal setting, career planning, study skills, time management, campus resources, and information literacy. The ultimate purpose of the course is to provide an opportunity for students to learn and adopt strategies to be successful in college and beyond. This class cannot be taken for high school diploma credit.

College Transitions English
T,TH 9-11 AM  Adult Education Rm 412   Jessica Smith
Designed to help students build a foundation for college reading and writing skills. Students will use the IXL learning program to improve upon language arts content. The reading, sentence skills, and essay sections of the ACCUPLACER (college placement test) will be taught.

College Transitions Math/Algebra
M,W 2-4 PM  Adult Education Rm 412   Judy Perkins
This class is for students with a high school diploma who are looking to further their education at the college level. Students will explore basic arithmetic, algebra and geometric concepts. Specific content covered will depend on each individual student's ability level.

Digital Literacy
M,T,W,TH 8:30- Adult Education Rm 410   Diploma Credit   Christa Galipeau
This online course offers lessons in Computer Fundamentals, Living on-line (including privacy and security) and Key Applications and Information. This course is customized to each student with a pre-test determining which lessons the student will be required to complete. The purpose of this course is to provide the basic computer knowledge necessary to be successful in daily life and basic jobs. Open to High School Completion & CT students as well as the general public.

Electives
M,T,W,TH  Adult Education Rm 410   Diploma Credit   Christa Galipeau
A variety of electives are offered and are designed to help the student set goals for their future as well as provide them with the skills needed to reach those goals. The student and advisor/teacher will work together to determine what electives work best for each particular student. Some of the electives include Computer Skills, Money/Work Skills, Career Exploration and personalized online courses pertaining to the students particular career/college goals.
English
M,T,W,TH     Adult Education Rm 410     Diploma Credit     Christa Galipeau
Students will work on basic grammar according to needs as determined by a pre-test. Students will gain job related English skills. Students will read, write, spell and become acquainted with literature across a span of time.

Humanities
M,T,W,TH     Adult Education Rm 410     Diploma Credit     Christa Galipeau
This course combines US History and English and successful completion earns 2 credits (1 English, 1 US History). The student will select an era or event from US History that they would like to study. They will then be assigned 3 or 4 chapters of the US History curriculum that deals with that time/event. After completing these lessons they will select an historical novel/book about the same time/event. They will read this book and complete an interactive notebook and essay about it.

Math
M,W 2-4 PM     Adult Education Rm 412     Diploma Credit     Judy Perkins
In this class students will begin with a review of basic math facts and basic math operations. Students will learn the vocabulary connected with mathematics. Students will be able to add, subtract, multiply and divide whole numbers, fractions, decimals and integers. Percent, measurement, formulas, equations, ratio and proportion will also be covered. Students will learn to read, set up and solve word problems, percentage problems, geometric formulas, read graphs, make graphs and begin elementary algebra.

Science
M,T,W,TH     Adult Education Rm 410     Diploma Credit     Christa Galipeau
Students can choose to study in the fields of Chemistry, Physics or Biology. The course is composed of two main parts: Textbook /worksheets and a science project. The science project will require students to complete a science experiment. Students will choose their own topic, design and complete the experiment, write a lab report on that experiment and also complete a display board/presentation about the experiment.

Social Studies/US History
M,T,W,TH     Adult Education Rm 410     Diploma Credit     Christa Galipeau
Students will select an era or event from US History or Social Studies that they would like to study. They will be assigned particular text chapters, historical books or assignments to explore their chosen topic.

Enrichment Program Class Descriptions

Basketball
TH 7-9pm  1/9-4/2  $35 ($5 drop-in)  Presque Isle Middle School Gym  Jonah Hudson
This drop-in, pay to play session is open to those looking for a pick game of ball. Pay for the entire session up front for a discounted rate or pay as you go.

Beekeeping
Sat 9am-2:30pm  6/6  $50  MSAD1 School Farm  Peter Cowin, AKA
Peter Cowin, A.K.A., The Bee Whisperer, will teach a one day class designed for those considering or planning on starting to keep honeybees. The class will entail 4 hours in the classroom learning basic equipment, husbandry, where to locate hives, how to care for bees, harvesting your own honey and how to get them through their first winter. Weather permitting, students will open hives in the afternoon and see everything alive and buzzing. Protective equipment provided for the day. Please come wearing long pants, long sleeves and closed-toe footwear. A full range of equipment will be available for sale so you can be prepared to order bees and start beekeeping!

Breaking Out of the Box
TH 3:30-6pm  2/27  $30  Adult Ed Office  Christa Galipeau & LeRae Kinney
Tired and bored with the same old classroom activities and personal development events? Looking for a new way to excite and engage your students or employees? Don’t just think outside the box, Break Out of the Box! This seminar will introduce you to breakout box activities. These activities are similar to an escape room except instead of trying to get out of the room you are trying to open a lock box. Fun, exciting and highly engaging these activities are completely customizable to fit any age group, informational content or setting! You are completely in control! Learn how to design and host lock box activities of your own. This seminar will highlight the many benefits of these activities, a list of supplies/equipment you will need and a step-by-step process of how to start designing your own games. Plus you will get to try your own skills at Breaking Out of The Box!

Country Line Dancing
M 6-8pm  1/6-3/23  $45 ($5 drop-in)  Aroostook Centre Mall  Robin Thurston
Come learn old and new line dances with our great instructor! Come alone or grab someone to join in the fun! Class meets across from JC Penny next to Olympia Sports.

Knitting/Crocheting
M 6-9pm  1/6-3/23  $38 ($5 drop-in)  Adult Ed Room 412  Wilma Winslow
This class is open for beginners to advanced. Learn how to hold needles, cast on stitches, and read a pattern. An experienced teacher will lead you through the steps of learning to knit and/or crochet or help you take it to the next level. Diploma credit available.
Quilted No Sew Decorative Balls
Thurs 6-8pm 2/13 $10 Adult Ed Office Rm 410 Christa Galipeau
The decorative balls aren’t just for the holidays! Create one of these to add to your everyday decorating! You will leave this class with the skills to make more on your own!

Pickleball - Open Gym
M 6:30-8:30pm 2/3-4/13 $40/$5 drop in PI Middle School Gym Rick Duncan
Pickleball is a lively racquet sport for all ages that combines elements of badminton, tennis and table tennis. It’s easy to learn; you can play whether you are five, eighty-five, or somewhere in between. An instructor will be on site to help everyone from first-timers to the experienced!

Skydiving
June 13, 2020 $249 Presque Isle Airport Vacationland Skydiving
Vacationland Skydiving, has been operating at the Pittsfield Municipal Airport in Pittsfield, Maine for over 20 years. We offer tandem skydiving and static line training as methods of first jump instruction. We also offer complete video services to capture your first tandem skydiving experience to share with friends and family. What better thing can you do than grab a breath-taking view from over 10,000 feet while safely skydiving attached to your tandem instructor? Vacationland Skydiving has an impeccable safety record. All of their instructors are members of the United State Parachute Association and have thousands of jumps each. Requirements: All jumpers MUST be 18 years old, be in relatively good physical condition and weigh under 230 pounds. No exceptions. Sunday, June 14th is reserved as a backup date if the 13th has poor weather or high winds.

Splinters & Bristles Sign Painting
Fri 2/7 6-9pm or Sat 2/8 9-Noon Presque Isle High School Cafeteria Julie Watt
Join us along with Julie Watt - Owner and Designer of Splinters & Bristles from Gray, ME. Choose your sign design from her website or have something customized! We are offering two different sessions for this workshop: Friday, February 7th 6-9pm and Saturday February 8th 9am-Noon. All registrations and fees are paid directly through Julie’s website. Class will be held in the Presque Isle High School Cafeteria. Don’t wait, reserve your seat today! www.splintersandbristles.com/workshop-registration

Stained Glass
TH 6-8pm 4/9-5/14 $40 Glass With Class Lisa Wark
We will be offering a beginner stained glass class! If you want to learn stained glass from start to finish, this is the class for you! You will be learning the art of Tiffany stained glass and will make your own sun catcher. You will learn the process from picking your pattern, cutting the glass, grinding the glass to fit your pattern, soldering, and finishing your pieces. Your materials are included in the price. If you would like to purchase additional glass than what is provided for you, you can also do so on site. We will have patterns available for you to choose from. These patterns will be appropriately sized for the class so everyone will finish in the 6 weeks allotted.

Youth Enrichment Program Class Descriptions

**Algebra—Hands On Equations**
M 3:15-4:15 PM  dates vary; see registration  Grades 5-8  $45  Zippel School  Nancy Watson
This 8 session course will allow students to master algebraic skills without ever realizing they are doing math! They have so much fun solving puzzles using everyday items. They will then connect it to algebra for use in the classroom with the ability to solve complex written and verbal problems.

**Digi-Blocks Math**
M 3-4pm K-2  Monthly (3 times per month) Jan-April  $25  Pine Street School  Tammy Willey
This monthly class is a concrete introduction to math skills developed by a Harvard professor who loves children. Students LOVE "playing" with these blocks! Lessons include, but are not limited to: counting, number sense, area, and perimeter. Ages 4-6.

**Mindfulness**
Pine Street School  Sharmo Clark
This series of classes will introduce students to the art of mindfulness and provide them with skills to implement it in their daily life. Every child can take away something helpful from this course. Benefits of mindfulness include, but are not limited to, better focus, social/emotional regulation and emotion recognition. Students will learn how to focus and pay attention to what is happening "right here and right now." Students will develop mindfulness techniques such as mindful breathing, mindful listening and awareness of their bodies. Students are encouraged to bring a snack.

**Quoggy Jo Ski Program**
Watch for details on this Adult Ed favorite!

---

**Children’s Closet is coming!! April 3-5th**

Are you a parent of a child at Zippel, Pine Street, or Mapleton Elementary? If so, our program can help you out!

Champions is the only accredited after school program in the country!!

Our program is held at Zippel from 2:40-6. We have transportation from Pine Street and Mapleton Elementary schools. We have competitive daily rates, but also have programs for financial assistance. We have hands-on, fun, academic based activities each day.

Champions is always open on in-service days and scheduled half days, which is always hard to cover for childcare! We are also open for school breaks (harvest, winter, February, April, summer, and some holidays) from 7am-6pm. If you are someone who does not have a significant need for childcare and just need a backup once and a while or need a flexible schedule, you can sign up for open enrollment and have your child drop in whenever you need us!

Call anytime with questions at (207)-554-6934 or just stop in & bring your little one to check us out. We will be happy to show them around and share some more information with you to see if we are a good fit for you.

U.S. Census 2020

Everyone Counts!

The United States has counted its population every 10 years since 1790!

WHY do we do this?

Information collected from the Census...
* helps communities plan for roads, schools, emergencies, health services & more
* helps new businesses plan and grow
* decides how many representatives are elected to congress
* helps our government understand community needs and plan future spending.

EVERY PERSON living in the U.S. is counted!

By April 1, 2020, every home will receive an invitation, and participation is REQUIRED by law.
You will be able to reply online for your home at 2020census.gov, or by mail or phone.
For more information, visit www.2020census.gov.
For help with the census, visit maineadulted.org

Need a temporary job? The Census Bureau is hiring!

SAD1 Adult & Community Education is proud to be a census data entry site!
Our computer lab is open to the community for the submission of census data with volunteers on-site to help along the way!

Stop by the Adult & Community Education Office from March 16 - June 12
Mondays 6 - 9 PM     Fridays 8 AM – Noon

Custom Lockbox Experiences

What is a lockbox? A lockbox is a wonderful problem solving experience similar to an escape room. We design custom puzzles, riddles and games that you must solve in order to get into the lockbox and earn your prize! These have been used as learning experiences, leadership trainings, ice breakers and just fun family experiences. We can design them to meet the particular needs of any group, of any age and covering any topic. The best part is we can bring them to you! We have shared these in the classroom (kindergarten to college) and with groups (birthday parties, family gatherings, corporate team building). Give us a call and find out what we can design for you!

Cost is simply a donation to our Adult Education Program!
The goal of the PI Loop is to provide community members, a sustainable, dependable, all inclusive, alternative public busing system in Presque Isle. Our option of transportation, with free Wi-Fi, will revolutionize access to resources in our city by giving riders a safe, convenient bus system getting you where you need to be daily.
This could be YOU in May!!!
Call or stop by today to reach your goal!
